

CODING GAME NIGHT

Join East Central AEYC at one these three locations to explore coding with preschool aged children! Coding helps take the fear out of making mistakes or failing. It teaches persistence in finding a way to solve your problem. We will engage in conversation and connection while learning more about South Dakota AEYC.

TUESDAY, APRIL 22ND 7-8PM

WHAT TO EXPECT

- ✓ Create a coding activity for your classroom
- ✓ All welcome at NO CHARGE
